You'll start with initial score of 6000, and 25 balls and 100 seconds. Every second you pass, you lose 10 points. Each ball you fire, you lose 200 points. If you hit the YELLOW target and it reaches the ground, you gain 300 points. If the target is hit critically and repeatedly, it'll turn RED and explode, granting you 500 points.

If you run out of balls without taking down all 3 targets, you lose. If you run out of time, you lose.
